

XPP Magazine Layout and Pagination option End of Support Announcement

January 31, 2025

XPP Magazine Layout and Pagination was a purchasable XPP option that has not been sold or supported for some time, but a formal End of Support notification was not previously issued.

This serves as that formal notification.

Customers currently licensed to use XPP Magazine Layout and Pagination may continue to do so, but it is no longer supported, and we may choose not to deliver the program with the XPP installer in any new XPP version released after March 31, 2025.

If you have any questions or concerns about this notification, please contact me directly.
